8. Purchasing of Goods and Services

In its purchasing of goods and services, the appointed Contractor will be required to comply with Commonwealth Procurement Rules in order to achieve "value for money" through "open and effective competition" in the selection of suppliers. In addition, the Contractor will be required to follow Coffey's procedures as set out in the Contract and its Scope of Services. All procurement processes must be carefully documented. The Contractor will be liable to audit by Coffey or its nominee to ensure adherence to these principles. The sub-contractor must comply with Australian copyright law.

9. Relationship with Tenderers

Coffey is not bound contractually or in any other way to any Tenderer by this RFT.

10. Tender Validity

Tenders are accepted on the basis that they are valid for ninety (90) days from the closing date for receipt of Tenders.

11. Contract Format

Coffey intends to enter into negotiations for a subcontract agreement with the preferred Tenderer. These negotiations will be on the basis of a Contract including fixed and reimbursable cost components. The contract also provides for payments made against the achievement of measurable milestones for the delivery of defined outputs.

Coffey is responsible for ensuring that the Commonwealth obtains value for money through the subcontracting process. A copy of the draft Contract is attached at Part F. This Contract will be tailored to meet the specific requirements of the relevant AAI Short Term Awards.

12. Disclosure of Information Provided by Tenderers

Coffey's selection process for services is conducted in accordance with Commonwealth Procurement Rules. For the purpose of assessing Tenders, Coffey is required to pass Tenders to Commonwealth Government Departments and Agencies as Coffey sees fit and to relevant Ministers and Parliamentary Secretaries. It is a Coffey policy not to divulge to one Tenderer information that has been provided in-confidence by another.

Tenderers should note that the *Freedom of Information Act 1982 (The Act)* gives members of the public rights of access to official documents of the Commonwealth Government and its Agencies. *The Act* extends, as far as possible, rights to access information in the possession of the Commonwealth Government and its Agencies, limited only by considerations for the protection of essential public interest and of the private and business affairs of persons in respect of whom information is collected and held by departments and public authorities.

13. Technical Assessment

Coffey will rank Tenderers on the basis of technical and price assessments.

A Technical Assessment Panel, chaired by the Australia Awards Indonesia Short Term Awards Adviser, will assess each submission using the criteria as set out in this RFT (e.g. *Capacity and training experience, Response to course specification and Core Personnel*). The Technical Proposal of each submission will be worth 80% of the total score and will be assessed separately to consideration of the Financial Proposal.

The result, together with any other factors relevant to the selection, will be taken into account by Coffey in deciding on the selection of the preferred Tenderer and/or award of Contract.

Tenderers should be aware that DFAT must approve the selection of the successful Tenderer before any contract can be awarded.

14. Financial Assessment

Following the technical assessment, the Financial Proposal of each submission will be assessed using the criteria set out in this RFT (e.g. *Core personnel course design cost, Core personnel course delivery cost, Fixed Management Fee*). The Financial Proposal will be worth 20% of the total score.

At any time before a Contract is awarded, a Tenderer must, if requested to do so by Coffey, make available for inspection by Coffey or persons appointed by Coffey, all financial records including accounts, profit and loss statements, balance sheets and other relevant information to enable an assessment to be made as to the financial capacity of a Tenderer to undertake the Activity. The Tenderer will allow copies to be made of any such records.

15. Contract Negotiations

Coffey will conduct contract negotiations only with the person identified in the Tender with the authority to negotiate and conclude a Contract on behalf of the preferred Tenderer.

In the event that Coffey is unable to satisfactorily conclude contract negotiations with the preferred Tenderer, Coffey reserves the right, at its sole discretion, to terminate the negotiations and enter into Contract negotiations with the next ranked Tenderer(s).

Coffey expects the Contract negotiations to be concluded within a reasonable period of time, no longer than four (4) weeks. Coffey reserves the right to negotiate with the most favourable tenderer should it be deemed that 'the offering prices are unreasonable or greater than the targets set in the planning process' as per Commonwealth Procurement Rules.

16. Award of Contract

Any Contract resulting from the Tender process outlined in this RFT is subject to:

- a) The negotiation of a mutually acceptable Contract based on the draft Contract at Part F of this RFT. This draft Contract will be tailored to meet the specific requirements of the AAI Short Term Awards.

17. Coffey Payment Policy

Tenderers should note that it is Coffey policy to pay accounts in arrears on the due date specified in the agreement with the supplier. Coffey's standard terms are payment thirty (30) days from the acceptance of goods or services and the receipt of a correctly rendered invoice (and subject to the delivery of outputs against specified milestones to Coffey's satisfaction). Payment, however, does not mean that Coffey necessarily accepts that the work meets that milestone and Coffey reserves its rights to full reimbursement if DFAT does not accept that a milestone has been reached which justifies payment.

18. Addenda

Interested parties are required to register their intention to submit a Tender no later than the deadline indicated in Part B. Those parties who have registered their intention to submit a Tender by this time and date will be provided with all Addenda to the RFT and the AAI Short Term Awards Guidelines. Usually, the majority of the training takes place in one location, but may include visits to other locations for benchmarking and networking opportunities, meetings and site visits. At least 2-3 days of the course should be delivered in Canberra, to facilitate engagement with relevant Commonwealth agencies.
4.8	Teaching / learning approach	<p>To achieve these outcomes, the proposed short term award offers a structured learning process for participants that will utilise a range of learning methodologies: classroom sessions, case studies, discussion, planning sessions, simulations and role plays, benchmarking current initiatives and frameworks, networking events and site visits to relevant agencies, such as federal and state departments, associations and private companies; FSANZ, TGA, Standards Australia, large manufacturers/suppliers, industry associations etc. It is also expected that there is a significant program of networking activities.</p> <p>The Award Project model is used across all Australia Awards Indonesia Short Term Awards (participants develop a project, conduct required analyses, present the project at pre-course workshop, further develop the project during the course and present the implemented project at the post-course workshop).</p> <p>If required, all material will be made available in Bahasa Indonesia. If required, consecutive (simultaneous preferably if available) interpretation is provided throughout the award to support the participants. The need for translation and interpretation will be determined after the participant selection has been finalised.</p>
4.9	Certification	The course provider will award the participants with a Certificate of Completion or Certificate of Attainment.

5. Financial details

5.1	Funding of courses	<p>The preferred tenderer is to submit a <i>Course Budget</i> using a template provided by AAI. The <i>Course Budget</i> will be prepared in conjunction with Coffey during contract negotiations.</p> <p>Important note: The Financial Proposal submitted by the Tenderers forms part of the like for like price assessment of this RFT. Reimbursable costs do not form part of the like for like price assessment of this RFT. <u>Tenderers are not to include any of the reimbursable costs as part of their financial proposal.</u> Reimbursable budget will be negotiated with the preferred tenderer and will be included in the initial sub-contractor agreement.</p>
5.2	Invoicing and payment	<p>Coffey shall pay the Contractor the Service Fees in instalments known as Payments (based on outputs as summarised below). The Payments will be payable to the Contractor progressively, on Coffey's acceptance of the satisfactory completion of identified outputs and a correctly rendered invoice. Where a Payment is to follow acceptance of a report, Coffey shall not be obliged to make full payment until all of the outputs to be achieved by the Contractor in the period covered by the report have been achieved to its satisfaction. Payments will be paid within thirty (30) days of acceptance by Coffey of the input/outputs being completed to its satisfaction as summarised below: Further detail is provided in the Draft Contract provided as Part F of this RFT.</p>
5.3	Value for money	<p>Most aspects of the funding of courses are developed in conjunction with Coffey using the standard costing template (<i>Course Budget</i>) included in the sample contract (attached to this RFT document). Many costs incurred are reimbursable so that providers can be assured that they do not carry major financial risk in conducting the courses. However, within their submissions Tenderers are asked to provide information that will assist Coffey to determine value for money of the tender bid (e.g. fixed management fee to design and deliver the course, core personnel course design cost, core personnel course delivery cost).</p>

2. Selection criteria

Proposals should be presented in the following format. Each category should be addressed individually, considering the following points:

A. Capacity and training experience: (20% of the technical assessment)

The Tenderer must demonstrate:

- i. Capability and expertise in the technical components of the course as outlined in the Scope of Services.

- i. Design the course to enable the achievement of program outcomes as well as course objectives, including how gender equality will be integrated into course content and practical activities. Particular focus will be given to how the training provider will design and deliver the course topics as outlined in the Scope of Services. Consideration will be given to how this is addressed in the proposal and the course outline. (30% of overall technical assessment)
- ii. Design and deliver the course to ensure a balance is achieved between subject knowledge and expertise, and adult learning practices. It is expected that the two areas will be seamlessly integrated to achieve the course outputs (5% of overall technical assessment)

C. Core personnel: (30% of the technical assessment)

The Tenderer must demonstrate that the following team members have the appropriate qualifications and experience to design and implement the course:

i. **Course Designer / Course Leader (can be one or two people);**

He/she also has a major role in facilitating the learning of participants and reviewing progress of the group and individuals.

ii. **Course Coordinator** - the key administrator who will make all the arrangements for the course (including domestic travel, accommodation and logistics, financial administration, reporting coordination). He/she will be with the group full-time during their time in Australia and will be responsible for the day-to-day management of the course. The Welfare Officer must be a fluent speaker of Bahasa Indonesia and able to develop rapid rapport with the group. It is preferable that the Welfare Officer is female and of Indonesia background with relevant pastoral care experience.

It is expected that the successful tenderer indicates the key specialists identified in the proposal. Substitution of these specialists would require Coffey approval. Terms of Reference for these positions are included in the *AAI Short Term Awards Guidelines*.

Annex 3 – Draft Course Program

A brief description of possible program topics (no more than **4 pages**).

Annex 4 - Statutory Declarations

Annex 4 is to be completed and signed by the Tenderer.

Part E - Selection Criteria and Information Required For Price Assessment

1. Introduction

Tenderers must submit a Financial Proposal as a part of their Submission.

2. Approach to the Financial Proposal

A financial price assessment of those Tenders assessed as technically suitable by the Technical Assessment Panel (TAP) will be undertaken by the TAP for Coffey. Coffey reserves the right to provide the financial component of any Tender to TAP members for their examination in the context of resource adequacy evaluation against the selection criteria in the technical assessment process.

3. Limited Information Required for Price Assessment

The final *Course Budget* is negotiated with the preferred tenderer. The financial detail required for the financial proposal (i.e. price assessment) includes the tenderer's management fee and personnel costs as indicated in the *AAI Tender Financial Proposal Schedule 1-4 MS Excel spreadsheet* (provided to the Tenderers).

Please note - Reimbursable costs associated with the course delivery (i.e. Part B of the *Course Budget, sample of the Course Budget is included in the attached sample contract*) **are not to be included as part of the financial proposal**. These costs will be negotiated with the preferred tenderer as part of the contract negotiations process in line with the mandated service levels.

4. Content of Financial Proposal

Within the Financial Proposal Tenderers must address the criteria as set out in the table below. These criteria will be used to make a like-for-like financial comparison.

Financial Proposal Criteria
<p>Schedule 1: Core personnel course design cost</p> <p>Personnel costs for the design of the course, expressed as number of person days at a daily rate (i.e. cost of the Course Designer/s). The Tenderer needs to make an assessment of the number of person days required to design the course. This may be completed by one person or more. The work may be done part-time or full-time. Tenderers must provide details in Schedule 1: Fixed core personnel costs for design of course.</p> <p>Personnel costs must be aligned to the <i>DFAT Adviser Remuneration Framework (please see DFAT website)</i>. Premium remuneration rates are not applicable to this tender. Individuals are not to be costed at the MRP rates, unless previously approved by the Australian Government.</p>
<p>Schedule 2: Core personnel course delivery cost</p> <p>Core personnel costs for the delivery of the course, expressed as number of person days at a daily rate for each of the four key delivery positions. Each of these positions must include a nomination of one person only. Tenderers must provide details in Schedule 2: Fixed core personnel costs for delivery of course.</p> <p>The number of days used to calculate these costs will normally be greater than the actual days of</p>

course delivery. Both the Course Leader and Course Coordinator will need to work some additional days on pre-course administration and logistics, post-course administration, preparing the Activity Completion Report and Financial Summary, etc. Tenderers need to make their own assessment of how many person days will be required to undertake these tasks. Noting that this component forms part of the like for like assessment.

Personnel costs must be aligned to the *Adviser Remuneration Framework*. Premium remuneration rates are not applicable to this tender. Individuals are not to be costed at the MRP rates, unless previously approved by the Australian Government.

Schedule 3: Fixed management fee

Total management fee to be charged by the tenderer for the design and delivery of the course as described in the Scope of Services. This must include any applicable insurance as outlined in the Draft Contract of this RFT at Part F. Tenderers must provide details in Schedule 3: Fixed Management Fee.

Tenderers must clearly detail any “other fees” to be charged to the course (e.g. financial costs, administration costs, special fees, staff on costs, etc.). These “other fees” will be subject to approval during the contract negotiation process. Noting again that this component forms part of the like for like assessment.

The Fixed Management Fee is exclusive of personnel costs and any other costs directly associated with course design and delivery as outlined in Part B of the Course Budget: Reimbursable expenses incurred by contractor.

Tables for inclusion within the Financial Proposal, including those containing information required for the purposes of the financial assessment, are:

- Schedule 1: Personnel Course Design Cost
- Schedule 2: Key Personnel Course Delivery Cost
- Schedule 3: Fixed Management Fee
- Schedule 4: Summary of Unit Costs for Coffey Price Comparison.

Please note! The tables are included in the *AAI Tender Financial Proposal Schedule 1-4 Excel spreadsheet* provided to the Tenderers.

Tenderers must complete all schedules showing their firm quotations in whole Australian dollars (\$AUD). Coffey requires these calculations for the purposes of disaggregating and checking the accuracy of Tenderers' total financial assessment figure. Only the final figure provided at Schedule 4 will be subject to the financial price assessment.

Tenderers should note that inaccurate or inconsistent calculations in the financial component of any Tender may, in Coffey's sole discretion, be grounds for Coffey to deem that Tender non-conforming and exclude it from further consideration under the RFT process.

4. Retention of Price Component of Tenders by Coffey

The financial components of all Tenders, including those not considered technically suitable, will be retained by Coffey.

5. Escalation

There is no provision for escalation.

6. Goods and Services Tax (GST)

Refer to clause 15 and 16 of the draft Contract.

- Ensuring Employees under their control understand and follow the provisions outlined in the Code of Conduct.

All Employees are responsible for:

PROCEDURES

Overview

Coffey International is a complex organisation, which involves a diversity of relationships. These relationships may be defined by differences in power, status, cultural diversity, organisational structures, contracting relationships, differing country laws, labour laws, international relationships and or national governments. It is essential in such a community that all Employees recognise and

respect not only their own rights and responsibilities but also the rights and responsibilities of other members of the community and those of Coffey.

Coffey also recognises that many of their professional Employees are also bound by codes of conduct or ethics defined by learned or professional societies or groups. It is recognised that these codes are not always in harmony. It is an obligation of an Employee to weigh the importance of these codes in each particular set of circumstances and notify an appropriate officer of Coffey where such conflict may arise.

Personal and Professional Behaviour

You should not behave in a way which has the intent or effect of offending or embarrassing other Employees or the public in a manner contrary to legislative requirements.

When carrying out your duties, you will:

- Obey any lawful direction from a person who has the authority to give the direction. If you have a dispute about carrying out a direction you may appeal to your senior Manager;
- Behave honestly and with integrity. You will avoid behaviour that could suggest that you are not following these principles. This will include a duty to report other Employees who are behaving dishonestly;
- Make sure that you carry out your work efficiently, economically and effectively as you are able and that the standard of your work reflects favourably on yourself and the company;
- Follow the policies of the company in all aspects of work to achieve outcomes that are socially responsible and sustainable;
- Treat Employees, clients and stakeholders with respect;
- Maintain individuals' rights to privacy and undertake to keep personal information in confidence;
- Do not use, possess or distribute pornographic or offensive materials;
- Comply with all national and international laws;
- When representing the Company in public forums:
 - Employees at all levels represent the Company in the course of their employment including when travelling on Company business, attending functions on behalf of the Company or internal Company meetings, conferences, training programs, seminars or any other function.
 - Your behaviour in all these circumstances reflects on the Company and its image. As such, you should act in an appropriate business-like manner that will in no way harm the image of the Company or infringe any other Company policy including the Discrimination Free Workplace Policy.
 - Where any Company function or meeting is held that involves the availability of alcohol, steps should be taken to ensure that it is not abused. You should be aware that being work-related, behaviour in those situations can be subject to disciplinary procedures.

Conflict of Interest

Potential for conflict of interest arises when it is likely that you could be influenced, or it could be perceived that you are influenced by a personal interest when carrying out your duties. Conflicts of interest that lead to biased decision making may constitute corrupt conduct.

Some situations that may give rise to a conflict of interest include situations where you have:

- Financial interests in a matter the company deals with or you are aware that your friends or relatives have a financial interest in the matter;
- Directorships/Management of outside organisations;
- Membership of Boards of outside organisations;
- Personal relationships with the people the company is dealing with which go beyond the level of a professional working relationship;
- Secondary employment, business, commercial, or other activities outside of the workplace which impacts on clients and/or Employees of the company;
- Involvement in party political activities; and
- Access to information that can be used for personal gain.

You may often be the only person aware of potential for conflict. Therefore it is your responsibility to avoid any financial or other interest that could compromise your ability to perform your duties impartially. It is also your responsibility to report any potential or actual conflicts of interest to your manager. If you are uncertain whether a conflict exists, you should discuss that matter with your manager and attempt to resolve any conflicts that may exist.

You must not submit or accept any bribe, or other improper inducement. Any advances of this nature are to be reported to senior management. If you are dealing with, or having access to, sensitive information, you should be particularly alert to inappropriate attempts to influence you.

Outside employment/Other external business activities

If you work full time for the company and you wish to engage in paid employment/other business activities (including participation in family company) outside your official duties you are required to seek the approval of your manager and Human Resources. The approval should not be unreasonably withheld. However if there is any real or potential conflict of interest the duties of your position with the company must come first.

If you work for the company on a part time or casual basis, you are required to advise your manager and Human Resources of any real or potential conflict of interest between your employment for the company and any other employment.

The company can request the details of any other employment in the event of allegations of conflict of interest.

Public Comment

Individuals have a right to give their opinions on political and social issues in their private capacity as members of the community.

Employees must not make official comment on matters relating to the company unless they are:

- authorised to do so by the Managing Director and CEO; or
- giving evidence in court; or
- otherwise authorised or required to by law.

Employees cannot release the contents of unpublished or privileged knowledge unless they have the authority to do so.

Use of Company Resources

Employees must ensure responsible management and security in the use of Coffey resources and any resources managed by them for or on behalf of others.

Requests to use company resources outside core business time should be referred to management (or person authorised to handle such matters), for approval.

If Employees are authorised to use company resources outside core business times they must take responsibility for maintaining, replacing, and safeguarding the property and following any special directions or conditions which apply. Company resources can include equipment, typing facilities, photocopiers, computers, tools, motor vehicles etc.

Employees using company resources *without* obtaining prior approval could face disciplinary and/or criminal action. Company resources are not to be used for any private commercial purposes (e.g. for 'profit' purposes) under any circumstances.

Security of Information

Employees are to make sure that confidential and sensitive information in any form (e.g. documents, computers files) cannot be accessed by unauthorised persons. Sensitive material should be securely stored overnight or when unattended.

Employees must ensure that confidential information is only discussed with people who are authorised to have access to it. It is considered a serious area of misconduct to deliberately release confidential documents or information to unauthorised persons, and may incur disciplinary action.

Intellectual Property/Copyright

The term 'intellectual property' includes the rights relating to scientific discoveries, industrial designs, trademarks, service marks, commercial names and designations, and inventions.

Coffey is the owner of intellectual property created by Employees in the course of employment unless a specific prior agreement has been made. Employees must clarify the intellectual property position before making any use of that property.

Discrimination, Harassment and Workplace Bullying

Employees must not harass, discriminate against, or support others who harass and discriminate against colleagues or members of the public on the grounds of sex, pregnancy, marital status, age, race (including their colour, nationality, descent, ethnic or religious background), physical or intellectual impairment, homosexuality or transgender. Employees also must not participate in any form of workplace bullying or support others who do so.

Any employee who uses any of Coffey's resources to perpetrate harassment or domestic violence (e.g. use of work phones, use of cars, use of workspaces etc.) will be subjected to disciplinary processes, which may include termination of their employment.

Managers must make sure that the workplace is free from all forms of harassment, unlawful discrimination and workplace bullying. They should understand and apply the principles of Equal Employment Opportunity and ensure that the Employee/s they supervise are informed of these principles and are made aware of the Grievance Handling procedures.

In addition, Coffey does not condone any form of domestic violence and is committed to ensuring the Employees are provided with information, training and support on how to effectively address domestic violence.

Child Protection

For the purposes of this Code of Conduct, a child is any person under the age of 18 years.

The onus is on all Employees to use common sense and avoid actions or behaviours that could be construed as child exploitation and abuse when working for Coffey. When carrying out your duties, you will:

- treat children with respect regardless of race, colour, gender, language, religion, political or other opinion, national, ethnic or social origin, property, disability, birth or other status;
- not use language or behaviour towards children that is inappropriate, harassing, abusive, sexually provocative, demeaning or culturally inappropriate;
- not engage children under the age of 18 in any form of sexual intercourse or sexual activity, including paying for sexual services or acts;
- wherever possible, ensure that another adult is present when working in the proximity of children;
- not invite unaccompanied children into your home, unless they are at immediate risk of injury or in physical danger;
- not sleep close to unsupervised children unless absolutely necessary, in which case you will obtain your supervisor's permission, and ensure that another adult is present if possible;
- use any computers, mobile phones, video cameras, cameras or social media appropriately, and never to exploit or harass children or to access child exploitation material through any medium;
- not use physical punishment on children;
- not hire children for domestic or other labour which is inappropriate given their age or developmental stage, which interferes with their time available for education and recreational activities, or which places them at significant risk of injury;
- comply with all relevant Australian and local legislation, including labour laws in relation to child labour;
- immediately report concerns or allegations of child exploitation and abuse and policy non-compliance in accordance with appropriate procedures; and
- immediately disclose all charges, convictions and other outcomes of an offence, which occurred before or occurs during your association with Coffey that relate to child exploitation and abuse.

When photographing or filming a child or using children's images for work related purposes, you will:

- assess and endeavour to comply with local traditions or restrictions for reproducing personal images before photographing or filming a child;
- obtain informed consent from the child and parent or guardian of the child before photographing or filming a child and in doing so, you must explain how the photograph or film will be used;
- ensure photographs, films, videos and DVDs present children in a dignified and respectful manner and not in a vulnerable or submissive manner. Children should be adequately clothed and not in poses that could be seen as sexually suggestive;
- ensure images are honest representations of the context and the facts; and
- ensure file labels, meta data or text descriptions do not reveal identifying information about a child when sending images electronically or publishing images in any form.

Breaches of this child protection code of conduct may result in disciplinary and/or criminal action.

Corrupt Conduct

Commonly corrupt conduct involves the dishonest or partial use of power or position which results in one person/group being advantaged over another. Corruption can take many forms including, but not limited to:

- official misconduct;
- bribery and blackmail;
- unauthorised use of confidential information;
- fraud; and
- theft.

Any form of corrupt conduct will not be tolerated by the Company. Disciplinary action up to and including dismissal will be taken in the event of any Employee participating in corrupt conduct.

Occupational Health & Safety

It is the responsibility of all Employees to act in accordance with the occupational health and safety legislation, regulations and policies and their respective organisations and use security and safety equipment provided.

Specifically all Employees are responsible for safety in their work area by:

- following the safety and security directives of management;
- advising management of areas where there is a potential problem in safety and reporting suspicious occurrences; and
- minimising risks in the workplace.

Conduct of Current / Former Employees

Employees should not misuse their position to obtain opportunities for future employment.

Employees should not allow themselves or their work to be influenced by plans for, or offers of employment outside of Coffey. If they do there is a conflict of interest and their integrity and that of Coffey is at risk.

Former Employees should not use or take advantage of confidential information obtained in the course of their official duties that may lead to gain or profit, until it has become publicly available.

Breaches of the Code of Conduct

Employees should note that breaches of certain sections of this Code of Conduct may be punishable under laws and legislation.

Breaches of this Code of Conduct may lead to disciplinary action. The process for disciplinary action is outlined in Coffey policies and guidelines, relevant industrial awards and agreements.
