ADDENDUM 1

Date: 6 May 2026
Pages: 1
Subject: Addendum 1 to the AAI AM13547 Mobilising Long-Term Capital through Insurance and Pension Reform in Indonesia Short Course Request for Tender of 20 April 2026

Tenderers are advised of the following:

This addendum is openly available to all potential tenderers.

Revision to the learning objectives:

Please replace this:

- Examine risk management and policyholder protection frameworks, including in defined contribution pension schemes and mandatory insurance programs
- Explore inclusive and sustainable policy approaches, including the integration of GEDSI considerations, expanded coverage for informal workers, strengthened compliance and enforcement frameworks, and equitable access to insurance and pension products to enhance long-term financial resilience

with this:

- Examine risk management and policyholder protection schemes, including in defined contribution pension schemes and mandatory insurance programs
  Comment: OJK and MoF are keen to focus on policyholder protection schemes as opposed to broader frameworks
- Explore inclusive and sustainable policy approaches, including the integration of GEDSI considerations, strengthened compliance and enforcement frameworks, and equitable access to insurance and pension products to enhance long-term financial resilience
  Comment: Coverage for informal workers will only be touched on briefly in other discussions (to manage expectations)

All other information as set out in the RFT dated 20 April 2026 remains unchanged.
